

**SIERRA VISTA NEIGHBORHOOD ASSOCIATION**  
**Minutes from 1/11/16**

Ann Newberry, Rebecca Parmesano, Ann Wasgatt, Mary & Tim Titus were present.

The Tituses mentioned they could include RCONA and SVNA information on their flyers. They will also share flyer distribution with us on an every other month basis.

Our e-mail address is - **sierravistaneighborhoodassociation@gmail.com**  
The password is "sierravna" Apparently there is a program called Mighty Text available through gmail that allows for mass sendings.

The spring yard sale was discussed for April 9. If we get 30 sign-ups to sell stuff within 2 weeks of the newsletter, the yard sale will be on.

Officer Timony arrived at that point. He said that robberies at the mall were usually either purse snatching or drug deals gone wrong.

Heroin is the drug of choice in Placer County and Roseville is the largest city in the county. Roseville, Rocklin and North Sacramento are the usage centers of these drugs. People get hooked on prescription opiates and move on to heroin. The outlying areas are more into methadone.

Transients were also discussed. Some of us remembered when panhandlers were all over Roseville Square. The situation is much improved now. Officer Flood is nationally known among freight hoppers. He has zero tolerance and writes tickets for everything such as sleeping on the sidewalk in front of Roundhouse Deli, sleeping in the parks, hanging out in Webber Park harassing people. Because of the railroad, the Gathering Inn and the Salvation Army where homeless people can get a meal and a bed within a mile of the railroad tracks, Roseville gets more than its share of homeless people.

There is hope of a neighborhood newsletter in tow weeks or so. Ms. Parmesano will check to see if the Press Tribune's Community Event column is free to remind people of upcoming meetings.

Our next meeting will be **FEBRUARY 8, 2016 at 5:30 pm.**
