As a personal note, thanks to you all for the support these past years. The core of Ann N., Karen and Glenda have kept this association afloat for the past 5 years. It is exciting to have new neighbors involved and wanting to participate. I'm going to be spending a lot of time in Bozeman, Montana but when I'm here, I'll come volunteer and attend events.

Everything is on Google and has been shared with everyone, so it should be easy to at least have a template for past activities. I've tried to organize things into folders to help with finding past info.

Thanks! I'll be back to work the Halloween contest, so hope to see you there!

Sincerely and appreciatively,  
Rebecca
