VI. Old Business: (15 min)

- A. Sidewalks. Grant was applied for in February. Awards not announced yet.
- B. Neighborhood sign:
 - 1. Our sign was installed at the corner of Campos and Tahoe in June.
 - 2. On June 29th the city planning dept. issued a citation warning to the homeowner to remove the sign by July 11 or face a \$100/day fine.
 - 3. Our appeal of this decision to the Design Committee on August 18 demonstrated our overwhelming support with 28 residents showing up to the meeting. It was denied because there is nothing in the ordinance to support our "type" of sign.
 - 4. Our last opportunity to get the sign returned is to ask City Council to direct staff to create an amendment to the ordinance that would allow the sign. Although we planned to ask at the Oct 5 meeting, we have postponed that ask because we don't have enough council members in favor (minimum 3 required). This will be continued when we gain support from 3 council members.
